## Frequently Asked Uniform Questions

**Q:** Why can't we show any logos?

**A:** We want our environment to be one focused on learning, not on who has the latest Yeezeys. By removing the distraction of logos, we level the playing field and allow students to focus on what really matters: preparing for college.

**Q:** What kind of socks can I wear?

**A:** As long as there are **no visible logos**, you are free to wear any pattern or color of socks.

**Q:** What kind of uniform shoes can I wear?

**A:** All preppers have the same shoe expectations – they must be solid black or brown without any visible logos. They can be dress shoes or tennis shoes, as long as they meet the color expectations.
