

OA Math Remote Learning Homework

Directions

In order to help you review what we've learned in math class this year, we've set up an account for you on Khan Academy. Here is some helpful information on how to access your math work:

1. You can find your username and password by clicking [on this link](#) and going to the tab marked with your grade. You can also look at the document entitled "Intrepid Khan Academy Credentials". Names are listed in alphabetical order within advisory groups.
2. Once you find your username and password, you'll log into your account by clicking [on this link](#) and clicking "Already have an account?" From there, you can enter your username and password. You can also go to khanacademy.org/signup.
3. From there, you'll be able to click on the links to begin specific lessons.
4. Your math teacher will be able to monitor your progress as you complete your lessons.

To help you complete these assignments on time and keep your math brain sharp, please choose at least thirty minutes each day to work on your math assignments.
